VW CAMPER SALES • SERVICING • RESTORATION

# Specification Sheet

## 1974 • Right Hand Drive Westfalia

A rare RHD fully restored Westy. This van was restored by us around three years ago and looks stunning, finished in yellow with the two-tone white theme - it turns plenty of heads. This van really does come complete with everything, restored and new including a new canvas, heavy-duty battery, leisure battery, 240V hook-up, split charger relay plus many more extras.

It's been fitted with a Westfalia interior and has every essential that you'll need, including the more desirable full-width rock and roll bed which has plenty of room to sleep 2 adults with another 2 adults in the pop-top roof. It has a new cooker, sink (with on-board water tank) and a compressor fridge.

Now to the engine, a brand new 1642cc lump which hasn't even been run in yet, it drives superbly so there are many thousands of miles of fun to be enjoyed with the camper. Being a right hand drive manual, we expect this van to sell quickly so we strongly recommend you call us today as these vans really are a rare thing these days.

We are offering this camper with 12 months warranty, 12 months MOT and 12 months road tax.
