Specification Sheet

1978 LHD Champagne Edition

They called this a Champagne edition for a good reason, it really doesn't get any better than this. It's a one year only van that's lived all its life in sunny California and is now available here - and it's the best one in the UK for sale at present.

It's in amazing condition - all the original interior in MINT condition, cooker, sink, fridge, on-board water tank, captain's seat, foot stool (or trash can, as they say in the US), reading light (very rare) lpg gas tank, all the original dash and mats all in the brown (again very rare), all the original door handles, steering wheel (also in the brown), it's like the interior has never been used. It also comes with rear seat belts and stereo.

These vans sleep 4 adults and one child very comfortably, with a rock and roll bed down below and a 6ft by 4ft bed in the roof and a child's hammock at the front. These vans really are the best VW conversion ever made!

The pop top canvas is the original one, yes, that's a 36 year old canvas in good condition. The engine is the original 2000i for the van and has always been serviced, it runs very quiet and pulls like a train, and dont forget it's only done 40k miles from new. The first to see will buy this van!
