

# Specification Sheet

Olive the Westfalia • 1975 • LHD

Olive the Westfalia is one of those rare buses. Her interior and paint colour were only produced between the years 1974-75, so at the price we're offering her for, she won't be around for long.

At some point in her life she's had some "blow in's" to her paintwork, but that's nothing that can't be easily fixed and that really is the only negative. So now for the positives:

- Registered in 1975 (so soon to become road tax exempt)
- Full width bed
- Full camping interior (one year only)
- Barli yellow paint (one year only)
- Propex gas heater
- 4 berth interior
- Rolling road tuned
- 12 months MOT
- 6 months road tax
